## Assignment 4

Nicholas Dwork

### 1 Main Problems

**Problem** Think back to how you felt when you started my class? Were you worried, excited, disappointed, happy? Did the amount of work seem intimidating? Was it different from what you expected? Was it worth it?

I'm thinking forward to next class when I have a new set of students in this same position. I would love to have you give them a few words of wisdom from your experience.

Please write a letter to the incoming students. Provide them with a few thoughts about what they are about to do. Be as open and honest as you feel comfortable expressing.

Send your letter to [ndwork@stanford.edu](mailto:ndwork@stanford.edu).
